

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

CALKINS. <i>Torrey Botanical Club</i> : EDWARD S. BURGESS. <i>American Chemical Society</i> : DR. DURAND WOODMAN. <i>Biological Society of Washington</i> : F. A. LUCAS ..... | 104 |

MSS. intended for publication and books, etc., intended for review should be sent to the responsible editor, Prof. J. McKeen Cattell, Garrison-on-Hudson, N. Y.

GEORGE HENRY HORN was born in Philadelphia, April 7, 1840, and died at Beesley's Point, N. J., November 24, 1897. He was stricken with apoplexy in December, 1896, resulting in hemiplegia, and thereafter passed most of the time, until his death, at or near the seashore.

Dr. Horn received his preliminary education in the Jefferson Boys' Grammar School, and from this entered the Central High School of Philadelphia, July, 1853. He graduated February 11, 1858, with the degree of Bachelor of Arts, and received his Master's degree from the same institution in July, 1863. He entered the University of Pennsylvania as a medical student soon after receiving his first degree from the High School, and received the degree of M. D. in 1861, his graduating thesis being on 'Sprains.'

The patriotic young physician enlisted in the U. S. Army in 1863 and received a commission as Assistant Surgeon, March 1st, of that year. He was first attached to the Second California Cavalry, Department of Pacific, until July 14th of the following year, then commissioned as Surgeon to the First California Infantry Volunteers, retaining this position until the term of service of this regiment expired, December 3, 1864. He was again mustered into service May 22, 1865, as Assistant Surgeon of his old regiment, the Second California Cavalry,
